TRAC match – September 8, 2026 – Anthony Turchetta, match director

Another glorious Tuesday; BRIGHT sunny skies, with widely scattered clouds, mostly to the south of us, but nothing that affected the range being drenched in sunshine. It was warm (okay, HOT), with temps ranging from 90° up to 99° and humidity in the upper 20%/low 30% area. It felt……muggy! The breeze was mild, at least that is what if felt like. The NWS reported otherwise at between 5 and 12 mph out of the south to southeast. We did notice small dust devils developing and dissipating. The thermals across the range went largely unnoticed, but were present. Just enough to raise an eyebrow at misses. "How the #*!! did that happen?" Nobody was immune…..

We had 15 shooters present today, with everyone getting practice for the state shoot in two weeks. Now, if we could only get people to sign up beforehand. Currently, Wayne says there are 7 signed up. Hmmmm….. Here are the scores;

44/48 – Tom Jadlos / Daystate Revere / Hunter PCP

39/48 – Bill Cole / Daystate Revere / Hunter PCP
38/48 – Scott Hunt / Daystate Redwolf / Hunter PCP, and tied with…
38/48 – Wayne Mauler / Thomas Air / Hunter PCP
36/48 – Barry Diehl / Daystate Revere / Hunter PCP
35/48 – Tony Pellegrino / AA TX200 / Hunter Piston

34/48 – Aden Campbell / BRK Sniper / Unlimited – Hi Junior (Scott's grandson)
33/48 – Mark Kauffman / AA TX200 / Open Piston
22/40 – Loren Braud / BRK Sniper / Hunter PCP – Took a "time out" to sort out his gun and re-sight in. Something happened to it….guessing the heat.

All in all, a good day. Anthony set one of his signature courses with small KZ at moderate to far distances. Only one target was close, and that was a 3/8" KZ. The other 2 were ½" KZ in the upper teens. Everything else was mid to far range. A good challenge and good practice just before the state shoot.

That is all to report at the moment. Looking forward to cooler weather. Even 10° less would be welcome……

Respectfully submitted.
