TRAC match – September 1, 2026 – Wayne Mauler, match director

Today was an absolutely lovely day; reasonable temps and winds! Temps ranged from a low of 82° up to a high of 88° during the match, with humidity fluctuating between 56% and 43%. A bit muggy, but with the rain storms from Sunday and Monday, the cooler weather felt great. It did flood areas of the range complex, with the low areas throughout showing signs of high water flowing. The usual lower areas away from the drainage paths had standing water in them, and range surfaces themselves, were "soft". We stayed to the high areas when setting targets, but still had muddy shoes to contend with. The wind made the humidity bearable with it coming from over our right shoulder to directly behind us, ESE to Southerly and from zero to 10 mph, with most in the 6 – 8 mph velocity. Just a really nice day with clear skies and sunshine.

We had 12 guys on hand today! All but one, shot hunter PCP. The lone shooter ….yeah, ME….shot Open Piston, and not very well today. The rest of the guys shot awesome!

The state PCP championship is but 2 weeks distant, with just a few signed up so far. Yes, Airgunners of Arizona is known far and wide as the local chapter of Procrastinators International……and proud of it! LOL.

Next week's TRAC match features Tony Turchetta as match director. Tony always sets a challenging match, so hopefully we will see you there.

Respectfully (but embarrassingly) submitted,
Mark Kauffman
Secretary, Airgunners of Arizona, Inc.
