

TRAC match – July 28, 2026 – Mark Kauffman, match director (fill in for Larry)

Pistol / Piston Tuesday and no pistols present today. As a matter of fact, we only had 7 shooters in attendance. We still had fun, although the day started to look a bit dreary. We experienced light rain on the drive in today, with heavy cloud cover. It did rain lightly during sight in, and I could tell it was warm; the rain drops evaporated immediately upon hitting the concrete deck. Could not hear them sizzling, but I didn't get that close....LOL.

The skies were enveloped in a heavy, dark cloud cover. Temps ranged from 90° to 93° with humidity in the low 40% area. The winds did cool off the heat we felt, and as usual, came at us from a number of directions. It ranged from 7 to 13 mph and we experienced gusts to 18 mph. It felt quite brisk today, and as stated, did cool us off. It had us second guessing how far to hold off as well, explaining some of our misses....

In the Hunter PCP category.....

47/48 – Jesse Avery / BRK Ghost....NOT a springer / Hunter PCP

34/48 – Barbara Pellegrino / BRK Ghost / Hunter PCP shooting half standing and half kneeling.

In the Piston category.....

45/48 – Carl Forrey / Diana 54 / Hunter Piston

42/48 – Stanley Mountford / TX200 / Hunter Piston

40/48 – Mark Kauffman / TX200 / Open Piston

33/48 – Bill Cole / AA Prosport / Hunter Piston

27/48 – Loren Braud / TX200 / Hunter Piston

Wayne will be absent again next Tuesday, so Stanley and Jesse volunteered to be the co-match directors, which is greatly appreciated. Nothing else to report, so I will sign off.

Respectfully submitted,
Mark Kauffman,
Secretary, Airgunners of Arizona, Inc.
